Updated Covid Guidance from 1st April 2022

The Secretary of State for Health and Social Care, Sajid Javid has set out the [next steps for living with COVID-19](#) in England which will take effect from Friday 1 April.

Updated guidance will advise:

- Adults with the symptoms of a respiratory infection, and who have a high temperature or feel unwell, should try to stay at home and avoid contact with other people until they feel well enough to resume normal activities and they no longer have a high temperature
- Children and young people who are unwell and have a high temperature should stay at home and avoid contact with other people. They can go back to school, college or childcare when they no longer have a high temperature, and they are well enough to attend

- Adults with a positive COVID-19 test result should try to stay at home and avoid contact with other people for 5 days, which is when they are most infectious. For children and young people aged 18 and under, the advice will be 3 days.
- Regular asymptomatic testing will no longer be recommended in any education or childcare setting, including in SEND, alternative provision and children's social care settings. Therefore, school settings will no longer be able to issue or order test kits for staff:

Young people in years reception – year 11 who are eligible for free school meals can access a range of fun, exciting and free activities during the Easter half term holidays. Year 5 'Hot Chocolate Morning'

Next week Year 5 will be mixing and tasting some Maya hot chocolate recipes, as the final part of their topic 'The mysterious Maya'. We think it will be a fun (and possibly tasty) way to finish off our History lessons from this half term. We will of course ensure that all ingredients are nut free.

Kind regards,

Miss Dunn
